

### **2015 GRADUATE PROGRAM**

Congratulations to the 5 new trainees: Damiano AZZALINI, Sarah GOETHALS, Margot ROELL, Bryon SILVA and Mingyue WU.

[Read more about the 2015 auditions.](#)

### **INVITED SCIENTISTS**

Welcome to **Dr Oliver GRIESBECK**

Department of Systems and Computational Neurobiology, Max-Planck Institute of Neurobiology, Munich, who will arrive in August and be hosted during 3 months by Pierre VINCENT's team, Cellular Integration of Neuromodulatory Processes, at the Institut de Biologie Paris Seine.

Welcome to **Pr Joel LEVINE**

Department of Neurobiology and Behavior, Associate Dean of Stonybrook University, New York, who arrived July 1<sup>st</sup> for a period of 6 months in Bernard ZALC's team, Development of oligodendrocytes and neurovascular interactions, at the Institut du Cerveau et de la Moelle.

### **GOOD LUCK TO YEAR 2 STUDENTS BEGINNING THEIR THESIS**

**[Bence BAGO](#)**

ED 261 at PARIS DESCARTES in Olivier HOUDE's team.

**[Sebastian CEBALLO](#)**

ED 158 at UPMC in Brice BATHÉLLIER's team.

**[Cristina DONATO](#)**

ED 158 at UPMC in Alberto BACCI's team.

**[Alessandra GALLO](#)**

ED Bio SPC at PARIS DESCARTES in Thierry GALLI's team.

**[Jimmy OLUSAKIN](#)**

ED 158 at UPMC in Patricia GASPAR's team.

**[Katarzyna SIUDA-KRZYWICKA](#)**

ED 158 at UPMC in Paolo BARTOLOMEO's team.

**[Arturo TORRES HERRAEZ](#)**

ED 158 at UPMC in Laure RONDI REIG's team.

**[Ana UZQUIANO](#)**

ED 515 at UPMC in Fiona FRANCIS' team

## **2015 STARTING GRANT CALL**

The objective of the ENP Starting Grant Program is to attract and support bright scientists working abroad to help them start their career in the Paris region.

[Apply Before October 31 2015](#) - [Download the application procedures](#)

## **2015 SCIENTIFIC EVENTS AND SUMMER SCHOOLS CALLS**

**Scientific Events** are opportunities for our members to contribute to national and international research. They also highlight the level of excellence reached by ENP teams and partners.

**New Call: Summer Schools.** They give a unique opportunity to selected students to assist to conferences and workshops offered by top researchers and experts of high-end techniques on very specific research subjects.

**Apply on [calls.paris-neuroscience.fr](http://calls.paris-neuroscience.fr) before October 1<sup>st</sup> 2015.**

## **SFN 2015 IN CHICAGO:**

### **Get your lab on the USB key giveaway**

The joint French Neuroscience Booth aims, for a third year in a row, to raise awareness of all French research institutes.

To present French Neuroscience in Chicago 2015, we will again centralize information as Pdf Files on USB keys that will be distributed to visitors at the booth. If you wish to facilitate access to your information and have a presentation on the key, **send before September 10<sup>th</sup> a financial participation of 300€ along with your purchase order and your PDF presentation** to the Société française des Neurosciences.

[-> Contact](#)

### **Send students to the Grad School Fair**

The ENP will again be present at the Grad School Fair, a satellite fair organized by the SFN committee on the premises. Alumnus Nima Dehghani accepted once again to promote the Program with the team and inform international undergraduates about the advantages of a French PhD

[More information about Neuroscience 2015](#)

## **ENP DAYS 2016 IN CHÂTEAU SAINT JUST**

**Save the date** of the ENP retreat next winter: from **25 to 27 January 2016**.

3 Days and 2 nights at the beautiful [Château Saint Just](#) in Belle Eglise with time for science and conviviality. [Please click and register online](#) as soon as possible

## **THE ENP OFFICE WILL BE MOVING OUT THIS FALL!**

**As of the end of September, the ENP office will no longer be at the Réfectoire des Cordeliers rue de l'école de médecine.** Phone numbers will change.

To reach us, use emails preferably. Thank you!
