

The Ecole des Neurosciences de Paris Ile de France aims to encourage and support one or two summer schools organized by ENP teams in 2016. The organizers of the summer school need to be affiliated to the ENP training network.

### OBJECTIVES

- Promote high level training in emerging or transdisciplinary approaches in Neuroscience
- Attract/train international students within the ENP network
- Foster cooperation among the ENP teams
- Extend partnerships of the ENP with Universities/Labex/private companies

### APPLICATIONS

Applications must be submitted on our dedicated website [www.calls.paris-neuroscience.fr](http://www.calls.paris-neuroscience.fr). They must include :

- **Scientific Purpose:** the topic of the school , timeliness, transdisciplinarity
- **Organisation of the school:**
  - The ENP team(s) involved
  - Date (Start-End dates)
  - Location
  - Aims and scientific program of the courses
  - Number of students expected (applications/attendees/origins) and criteria of selection of the applicants (scientific selection committee)
  - Proposed speakers and hands-on demonstrations
- **Detailed provisional budget requirements,** including known and planned cofinancers (Labex, University, private, other). Can include travel and housing for speakers, small equipments and consumables. Honoraria are not eligible.

### NEED-TO-KNOW

- Organizing team must be affiliated to ENP
- Budget : ENP will cover up to 30 KE of the costs  
Applications will be reviewed by the ENP Steering Committee who will decide on the funding amount
- In case of registration fees, event must be free for ENP Graduate Program students
- One call for proposais per year & deadline in October
